Due to the wide variation in content and format of such request forms, it is the policy of 3M to provide letters, such as this one, in response to requests for regulatory information.

On behalf of 3M Company, to the best of 3M's knowledge, the chemicals from the Candidate List as last amended on **January 17<sup>th</sup> 2022** are not present at or above 0.1% in the product listed above.

In preparing this response, 3M has relied in part on information provided by 3M suppliers.

I trust the above information is responsive to your request.

Don't hesitate to contact me if there are any additional questions.

Sincerely,

San 25-
